

Migrant Musings: March 2015

Reimagining the Possibilities in Migrant Education & Making them Happen

Charlie Geier, Rachel Davidson, Nathan Williamson and Bree Ausenbaugh

This issue contains:

- **New features added in MIDAS 2.0**
- **A Recap**

Recap:

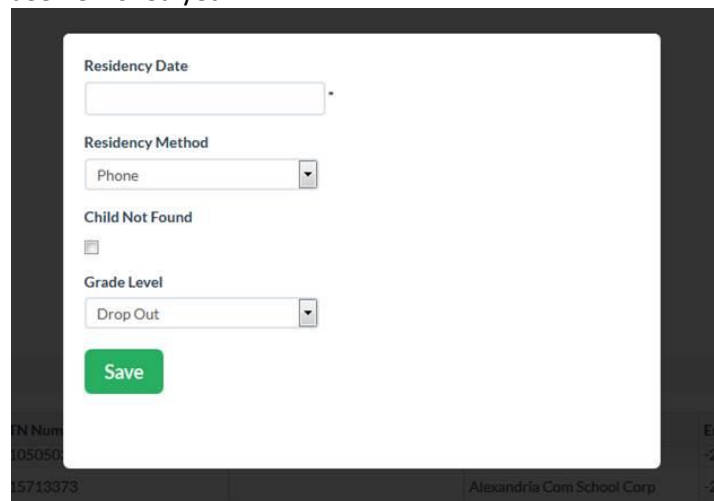

1. **Enrollment Screen:**
Program enrollment-Residency Pop Up screen appears for verifying residency of a student. If you don't know the Residency date or method by which the residency was verified, consult your recruiter.
2. There will no longer be a calendar icon that appears to select the student's residency date. You will now manually input the date. The format of the residency date is mm/dd/yyyy.
e.g. If the student arrives to the school on May 20th, you will input the residency date as "05/20/2015".

New Added Features in MIDAS 2.0

MIDAS 2.0 has just completed new updates to incorporate some very important and user friendly features. Below is the list of the new features.

✕ **Enrollment Screen:**

The new enrollment screen will have a third drop down menu in the Enrollments list. This new drop down menu is for the student's "Grade Level". You will be prompted to enter the grade of the student along with his residency verification information when you first click the student's name to enroll for him for the first time for the performance period. Remember, no grade listed for the student in Enrollment list implies that the student hasn't been enrolled yet.

When you click on the student's name on enrollment list, the "residency pop up" will appear, as usual. The difference now is that it will ask you to enter a grade level for the student.

MIDAS 2.0 News continued... March 13th, 2015

NOTE: The residency pop up appears once for a student. After the residency is verified for the student during the performance period, you will get the service enrollment screen.

✕ **Program Enrollment Screen:**

The new edit enrollment screen:

NOTE: Save Service Enrollment button will save only the dates and not services for the student.

Explanation of the screen from top to bottom:

- The screen has a drop down on the top right corner, to select RSY or SSY as usual.
- To enroll this student, you must provide an Enrollment date. It is a mandatory field.
- When the student leaves, enter a Withdrawal date.

Program Enrollment

Edit Enrollment Info for Student: -

Enrollment Date

Withdrawal Date

Save Service Enrollment

Enrollment Date	Withdrawal Date

- The "Save Service Enrollment" button will save these set of dates. These will be listed in the table below.
- If a student returns, you can add another set of Enrollment and Withdraw dates as long as the previous withdrawal date was entered.
- The new set of Enrollment and Withdrawal dates will be listed in the table below. These dates can always be viewed in this screen.
- NOTE: This applies if a student comes and goes multiple times in RSY or SSY session.

Last COE:

This button shows you the latest COE for the student.

Enrollment Steps: MIDAS 2.0 has an “enrollment steps” button that walksthrough all the steps in the service enrollment screen, defining all the fields. This is a quick help guide for the users.

You can exit out of the Enrollment Steps Message Box by clicking anywhere on the dark screen outside the message box, or by clicking “Skip” button in the message box.

➤ Next part of the screen:

Grade Level at Time of Enrollment Note: Record the Grade Level as of September 1 of current Reporting Period: September 1 - August 31.

Discussing steps involved to save Enrollment and Withdraw dates:

On the Service Enrollment Screen involving the “Save Service Enrollment” button, the following is mandatory.

In order to save, a few things have to happen:

1. You must have an Enrollment and Withdrawal date SAVED. That means you must press “Save” under the MyON information boxes with the withdrawal date filled in in order for the “Save Service Enrollment” button to turn green. You will then have to go back to the child in order to add another enrollment date. THIS IS ON PURPOSE. This is a way to ensure the data entered is accurate and a true reflection of the student’s mobility in and out of the state.
2. You must press the “Save Service Enrollment” button, and after the popup, you have to press the “SAVE” button again. This is to again reinforce that the person ACTUALLY wants to add another enrollment date.

See the screen shots below:

MIDAS 2.0 News continued...

March 13th , 2015

NOTE:

Though not required fields, you can enter “**Grade to Date**” and “**Final Grade**” fields for a student. These help to keep a better track of student’s grades.

- Next part of the screen:

Edit	Title	Grade To Date	Final Grade	Course Last Day
------	-------	---------------	-------------	-----------------

Title

Grade To Date

Final Date

Course Last Day

- The next part of the screen is “Student Course”. There is a table with a few columns which will display the information about the courses you enter for the student.
- “Title” and “Course Last Day” are mandatory fields. This means in order to “Save Student Course”, you will have to provide this information.
- “Save Student Course” saves the course information and displays in the “Student Course” table above.

This screen is View only

In case of questions in this part of the screen, contact Bree Ausenbaugh. .

- Next part of the screen:

Assessments				
Assessment Title	Score Results	Interpretation	Created Date	Assessment Date

- The last part of the screen is “Assessments”. This will be auto filled by MIDAS. It will only for viewing purposes for you.

Summary:

- You can now enter multiple “Enrollment and Withdrawal Date” sets for a student.
- Student Grade level will be displayed in the Program Enrollment screen.
- You can now enter Courses for the student.
- The three points above are applicable to both RSY and SSY sessions.
